

DRINKABLE, FISHABLE, SWIMABLE

Grow plants native to your area.	Only run full loads of laundry or dishes.	Pick up after your pets.	Use plain soap instead of anti-bacterial soap.	Wash your car on grass instead of a driveway or parking lot.
Deposit unused medications at a drop off site.	Keep grass clippings off of the street and out of ponds.	Recycle used motor oil.	Drink tap water instead of bottled water.	Enjoy area lakes and rivers - go fishing or swimming!
Take less than 5-minute showers.	Check for and fix water leaks in your home.	FREE! TAKE THE CLEAN WATER PLEDGE!	Clean driveways and sidewalks with a broom and dust pan.	Collect rain water to water your lawn, garden, or plants.
Keep fat, grease, and cooking oils out of drains, toilets, and plumbing.	Minimize use of fertilizer on lawns & gardens.	Visit H2YouMN.com to learn more.	Keep your nearest storm drain clean and free of debris.	Turn off the water while brushing your teeth.
Keep leaves off of streets and out of ponds.	Properly dispose of household hazardous waste at a drop off.	Pick up trash and cigarette butts.	Keep lids closed on your outdoor trash bins.	Invite a friend to play Clean Water BINGO.
